## They Appeal to Our Sympathies.

The bilious and dyspeptic are constant sufferers and appeal to our sympathies. There is not one of them, however, who may not be brought back to health and happiness by the use of Chamberlain's Stomach and Liver Tablets. These tablets invigorate the stomach and liver and strengthen the digestion. They also regulate the bowels. For sale by all druggists.

A very singular death occurred at Cardwell Friday, says the Clinton Democrat. A druggist who was a sufferer from consumption sent to town for a coffin catalogue and a discount sheet, and after selecting a 750-pound metallic case sent a telegram to the company to ship at once by express. The next morning he died a few hours before the case arrived. This is, indeed, a remarkable instance.

"Why don't you go to work?" said a charitable lady to a tramp, before whom she had placed a nicely cooked meal.

"I would," replied the vagrant, "if I had the tools."

"What sort of tools do you want?" asked the hostess.

"A knife and fork," said the tramp.

An attempt on the life of President Quintana, of the Argentine Republic, is reported from Buenos Ayres. The President's intended assailant was a laborer. He was overpowered and disarmed by one of the aides before he could shoot.

NOTICE.—Those who hitch by the month at my stable after July 1st, will be charged regular prices for hitching when they have more than one horse in my stable at the same time. J. R. Beasley, Prop.

## HUSTONVILLE.

T. J. Robinson will be glad to instruct any one how to get the full benefit of a bath at Olympian Springs. Don't fail to call on him.

Rev. S. B. Lander goes to the mountains of Eastern Kentucky this week for evangelistic work and will not return for two weeks. There will be no preaching at the Presbyterian church next Sunday.

The protracted meeting conducted by Rev. G. W. Mills at Green River church closed Wednesday night with 13 additions. These meetings were well attended and much interest manifested in the earnest work of Bro. Mills.

Talk about cutting and slashing, just come in and see what I am doing in Fall and Winter clothing. Get ready for the coming season by giving your order now. Remember these goods are made to your order and are guaranteed in every particular. A. J. Adams.

Quite a crowd from here will attend the Liberty fair on Wednesday, on account of the ball game between Hustonville and the best team that Casey can get together. Our team is somewhat disfigured by some of their best players not being at home and there is a strong probability of their being defeated.

Plans have been completed for the building of a modern up-to-date cottage of seven rooms on the lot adjoining the Wheeler Emporium on the West. This building will refill the burned block with the exception of the lot adjoining the Huns building, which is owned by V. B. Morse and a building will be put on it by Spring.

A rare treat was given the audience at the Presbyterian church last Sunday morning by that sweet voiced soprano, Miss Lelia Wheeler, who sang, "O Lord be Merciful," by Bartlett. Miss Melle Hopper, whose inimitable touch has thrilled the souls of thousands, presided at the organ and added much to the splendid rendition.

It gives me pleasure to speak favorably of the painstaking manner in which County Turnpike Supervisor A. C. Dunn is giving the work on the several pikes in the West End. The metal is not dumped indiscriminately now and frequently not scattered, but good judgment is displayed in locating and scattering it in a manner that will give the best results. A much needed half sole of gravel is being given the Cloyd pike. Ditching is badly needed in many localities and will be done at once, as the overflow easily carries off the newly placed metal. The work is being pushed with a full force of hands and teams when the weather will permit.

Miss Emma Fitzpatrick, of Washington, is the guest of Mr. and Mrs. C. K. McClure. D. C. Allen returned from Dublin, Ind., where he delivered a large lot of stock ewes. Miss Bessie Worthington is under treatment of a specialist in Lexington for eye trouble and her many friends are hoping for her early and complete recovery. John Grubbs has rented the Bud Dunn farm and will move to it about Christmas. Misses Bona, of Lexington, and Redmond, of Mayville, are guests of Mr. and Mrs. Wm. Tammie. Misses Orpha Williams, Carrie Lee Lipps, Evelyn and Murray Adams, chaperoned by Miss Bettie V. Logan, went on an excursion Saturday to High Bridge and down the river by steamer to Frankfort, where they were highly entertained. Sheriff M. Smith Baughman and family, of Stanford, spent Sunday with Mr. and Mrs. J. K. Baughman. Editor J. H. Thomas, of the Casey County News, was in our city Saturday. Prof. L. C. Bosley, of Central University, Danville, having just returned from an extended trip in Tennessee, spent Sunday with Mr. and Mrs. S. D. Yowell. Mae and Sam Peavyhouse, with their cousins, Misses Martha and Mary Albertson, spent Sunday in Cincinnati and its beautiful suburbs sight seeing.

## A Warning to Mothers.

Too much care can not be used with small children during the hot weather of the Summer months to guard against bowel troubles. As a rule it is only necessary to give the child a dose of castor oil to correct any disorder of the bowels. Do not use any substitute, but give the old fashioned castor oil, and see that it is fresh, as rancid oil nauseates and has a tendency to gripe. If this does not check the bowels give Chamberlain's Colic, Cholera and Diarrhoea Remedy and then a dose of castor oil, and the disease may be checked in its incipency and all danger avoided. The castor oil and this remedy should be procured at once and kept ready for instant use as soon as the first indication of any bowel trouble appears. This is the most successful treatment known and may be relied upon with implicit confidence even in cases of cholera infantum. For sale by all druggists.

A trunk containing diamonds worth \$15,000 is said to have been burned in the Lackawanna depot fire at Hoboken.

## Fell Dead.

A man fell dead in Chicago the other day from heart trouble, and thousands die every day in the same way. But the cause of nine out of 10 of such cases of heart trouble is indigestion. The cure is Dr. Caldwell's (laxative) Syrup Pepsin. The explanation is that the swollen, inflamed, and engorged stomach, presses right up against the heart and prevents it from working; your heart flutters, palpitates, pains and you are short of breath; some lose it forever. Just try for these symptoms, a few doses of Dr. Caldwell's Syrup Pepsin, and see how quickly it will cure you. Sold by G. L. Penny, Stanford, C. W. Adams, Hustonville, at 50c and \$1.00. Money back if it fails.

The Kentucky State Fair, Sept. 18 to 23, has set apart days for the various secret orders, Monday, September 18 being Masons' Day, Wednesday is Odd Fellows and Macabees' Day, Friday is Knights of Pythias Day and Saturday Elks' Day. ## Given Up To Die

B. Spiegel, 1204 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured." Penny's Drug Store.

W. S. BURCH.

The democratic nominee for county attorney, is a democrat in all the word implies, is a good lawyer and will fill the responsible office he seeks with credit alike to himself and his party. He is a son of the late Stephen Burch, as gallant a Confederate soldier as ever shouldered a musket. Mr. Burch was born Nov. 29, 1871, and is of English and Irish descent, being a direct descendant of Col. William Whitley, who distinguished himself for gallantry in Indian warfare, having killed the chief, Tecumseh, he himself being killed in the same battle. He graduated at Centre College in 1892, with high honors and was admitted to the bar for the practice of law in 1893. He is well versed in parliamentary law and has presided over several stormy conventions with much dignity, promptness and determination. He has always been a true-blue democrat, faithful to the organization, rendering valuable aid in campaign work. When called upon to go out in the interest of the party, whether to deliver an address or to aid in effecting an organization, he cheerfully responds without stopping to count the cost or to consider any sacrifice involved. Mr. Burch is a runner from away back, and if the republicans should give him opposition, a thing they will not likely do, he will beat his man with the ease a thoroughbred outfoots a cold-blooded equine.

## Hints To Houseworkers.

Nothing is more important to the hardworking housekeeper, than to keep her liver properly working otherwise, that pale sallow look, and tired feeling, will make her look as sick as a dog. Nothing will keep you up to the mark, without injurious stimulations, so well as Dr. Caldwell's (laxative) Syrup Pepsin. It is a pure liver tonic—a cure for Constipation, Biliousness, and Indigestion. Sold by G. L. Penny, Stanford, C. W. Adams, Hustonville, at 50c and \$1.00. Money back if it fails.

There has been a material change in the views of some of the Republican leaders who are accompanying Secretary Taft on his visit to the Philippines in reference to the reduction of tariff rates on Philippine tobacco and sugar. Senator Dubois and Representatives Hill and Grosvenor now favor the free admission of these products to the United States.

## Colic and Diarrhoea—A Remedy that is Prompt and Pleasant

The prompt results produced by Chamberlain's Colic, Cholera and Diarrhoea Remedy together with its pleasant taste have won for it a place in many households. Mr. W. T. Taylor, a merchant of Winslow, Ala., writes: "I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy myself and also with men on my place for diarrhoea and colic and it always gives relief promptly and pleasantly." For sale by all druggists.

DURING the last fiscal year just ended collections from spirits came very near the enormous aggregate of \$136,000,000, a very slight increase over the previous year, but an increase of more than \$14,000,000 over the fiscal year 1902. It is evident that the tax, high as it is, is not killing the distilling interest. The tobacco collections of more than \$45,000,000 were an increase of a million dollars over 1903. The beer tax of more than \$50,000,000 was an increase of a million and a quarter over the year before and three millions over the 1903. With revenues constantly increasing it would seem that they ought to meet the expenses of government without talking about a tax on coffee and possibly a stamp tax.

THE leading democrats of the county held a caucus meeting Monday, and we are reliably informed failed to find men who would accept a nomination. They adjourned to meet at August county court, at which time they hope to find men who will be willing to make races for the various county offices, chirps the republican editor of the Casey County News. The wish is father to the thought, Mr. Thomas. There are plenty of good men anxious to run against you rats, but the democratic managers are very sensibly taking time to select the most available timber with which to bury the Casey county republicans. And they are going to bury them.

MAD no doubt because they did not get free board during the press meeting at Crab Orchard Springs, the editors of the Carlisle Democrat and the Middleboro News are saying the meanest things they can about the accommodations at that grand old Summer resort. Manager Willis would have gotten glorious write-ups had he picked out a few scrubs and given them their board rather than have charged them the paltry sum of \$1 per day. Men used to cheese and crackers at home are nine times out of ten the first to kick on fare as well as the most liberal with their abuse of waiters. To the demitition bow-wows with such creatures.

A BEAVER FALLS, PA., groom got so overjoyed when the knot was tied that he hugged his bride so hard it broke three of her ribs. Instead of going on a bridal tour she had to go to the hospital. He will endeavor to restrain his enthusiasm hereafter while she will insist on his complying with the injunction: Love me little, love me long.

AN Italian, who came over to this country a few years ago, sailed for his old home this week, taking \$7,000 with him after supporting his wife and children, the net profits from hand-organ grinding. While all organ grinders may not fare so well, in many cases they are in better circumstances than the fellow who drops his hard-earned nickle into their coffers.

GIVE baby pure, fresh cool water several times a day, remarks Brer Campbell, of the Somerset Journal. As there has been no baby in his family for nearly a half century the remarkable memory of our 11th district friend is readily apparent.

THINGS are coming to a pretty pass when a banker can't default without being called a thief, says the Berea Citizen. But as that is all the punishment he receives in 99 out of 100 cases, looks to us as if he is getting off as easy as he could wish.

CHICAGO is the home of strikes and strikers. The porters at the Palmer House struck because an order was issued prohibiting them from taking tips. As they amounted to more than their salaries, they certainly had a kick coming.

A COUPLE at Allerton, Pa., have just welcomed their 17th child, all of whom were born within 13 years. Help 'em out, Teddy.

THE illustrated edition of the Harrodsburg Herald is a beauty and a credit to that splendid publication.

Twelve persons were killed and 25 injured in a collision on the Nickel Plate railroad at Kishman, O. The wreck was due either to a misunderstanding of orders or failure to obey them.

At Sparks' quarry, Rockcastle county, a 15-year-old daughter of Bud Sexton was accidentally shot through the head and killed by a 10-year-old son of William Moore. The girl was holding a baby at the time and in falling the child was dangerously injured.

Editor Roberts, in his paper, the Republican organ of Lexington, says there is no place on the ticket in Fayette county for Negro candidates. Such a move, he declares, would be party suicide.

Mr. Roosevelt is the first president to attempt to preach, but then we never had such a president as Mr. Roosevelt before. He will tackle anything, from a mountain lion to a Mississippi bear, or from a windmill to a buzzaw.—Kentucky State Journal.

The President addressed the Catholic Total Abstinence Union of America at Wilkesbarre. In harmony with the occasion his remarks were a discourse on the desirability of the sober life, especially for workmen. He was accorded an enthusiastic reception, and the trip to Wilkesbarre was productive of a number of wayside ovations.

The indications are that no extra session of Congress will be called this year. President Roosevelt has not decided the question definitely, and probably will not reach a decision until he shall have returned to Washington, the latter part of September, but strong pressure has been brought to bear in opposition to the proposed session, and the chances are that it will not be ordered.

Angela R. Kilbourn and John F. Johnson, of Winsted, Conn., were schoolmates and sweethearts 50 years and each married another. Death broke in upon their domestic lives; one became a widow, the other a widower. Recently they met, "made up" the old quarrel and married.

A newspaper that has been gathering statistics states that a woman's chance to marry between the age of 25 to 30 are only 18 per cent., while between 20 and 25 the chances in her favor are 25 per cent. And yet women do not reach the height of their charms till between the first two ages. Nor is she so well matured to marry.

F. Sharp sold and conveyed to J. W. Allen.

This is one of the most desirable farms in the Blue Grass. It is well watered by the Hanging Fork and by stock water in each field except one besides a fine never-failing cave spring. The land is in a splendid state of cultivation and produces the very best crops of corn, wheat, hemp and tobacco. The taxes on the whole farm are usually paid by the sale of the land from the sand bars on the Hanging Fork. The residence, which with a large portion of the farm, is in the corporate limits of the town of Hustonville, is of stone and contains seven rooms, with cellar, door, good crib, implement house, and all the outbuildings that are found on a well ordered farm. Two good orchards on the place. The town of Hustonville has a splendid graded school, which is only about an eighth of a mile from the residence house on this farm. Mr. James P. Goode, of Hustonville, will be glad to show the farm to any one desiring to see it. This sale will be made for purposes of division among the heirs of said Goode, deceased.

The sale will be made on a credit of six and twelve months, one-half of the purchase price to become due and payable at the expiration of each of the periods of time aforesaid. The purchaser will be required to give bond for the purchase money, with good security, and the sale will be retained on the land for the purchase price. Purchasers must be prepared to comply with these terms immediately.

If you don't believe that Middlesboro is awakening from her sweet slumber read the following dispatch sent from there: Both No. 1 and No. 2 furnaces are now in operation for the first time in 10 years. The Virginia Iron, Coal and Coke Company has built 20 new houses; the United States Leather Company has built 15 new houses; more than 60 dwellings and business houses have been built by private parties in the last 12 months, and an era of prosperity is on in Middlesboro that is leading on to fortune.

REID.—James Reid, aged 23, died at Danville Friday night of typhoid fever and was buried in Bellevue Cemetery at 4 o'clock Sunday afternoon. He was the oldest son of Mr. and Mrs. Forestus Reid, formerly of this place, and was a fine young man. He had many friends and relatives in this county whose hearts are saddened by his untimely taking away. Mr. Reid was a partner in the Kentucky Supply Co.'s business in Danville and had proven himself a successful business man. It is indeed sad that one so full of promise should be called hence so early in life. Few young men had more to live for and none was more idolized by his parents, who have the unbounded sympathy of this entire community.

DALTON.—Walter Dalton, the 12-year-old son of James H. Dalton, of the Gilberts Creek section, died of abscess of the liver and was buried Friday after funeral services at Goshen church by Eld. J. G. Livingston. He was a bright, dutiful boy and his parents are almost broken-hearted over his untimely death.

MR. J. A. ALLEN, the contractor and builder, contracted yesterday with Mr. C. R. Coleman, to put him up a handsome two-story residence on East Main Street, adjoining the property now occupied by Mr. Coleman. The house will contain nine rooms and modern in every particular. We are glad that Mr. Coleman and family have decided to remain in Stanford.

WHILE waiting for his train at the depot Sunday night, Mr. Thompson Browning, of College Hill, Madison county, claims that George Craig, a Stanford Negro, who has been in court many times, attempted to pick his pocket and did get 60c. Policeman W. H. Mershon arrested Craig and started to jail with him, but the Negro slipped away from him and skipped out.

WHEN the commonwealth had introduced its last witness at the examining trial of James Carter, Dick Chandler Elmore Siler and Misses Ethel Delaney and Lena Staton, charged with the murder of Cecil Crutcheff, the lawyers for the defense made a motion that the accused be discharged and spoke at length on the proposition. They were answered by the prosecution and when the question was finally submitted to Judge Bailey he ordered the prisoners to jail, at the same time rescinding his order permitting them guards. The trial will be continued this morning, Judge Bailey declining to hold court yesterday, on account of his duties in the county court. Some damaging testimony was introduced Saturday, several witnesses swearing that the flash of the pistol indicated that James Carter fired the shot and that he picked up the weapon, which fell to the floor just after the report was heard. Otto Ensslin, a German boy, was the most damaging witness, while John Oaks, who was playing the bango for the dancers, gave some testimony that must have been displeasing to the defense. As the defense has not yet shown its hand it is impossible to even guess at the outcome of the trial, which has created more interest here than any in years. Mr. J. S. Owsley, Jr., is assisting County Attorney Helm in the prosecution, while Judge M. C. Saufley, Messrs Robert Harding, R. C. Warren, P. M. McRoberts and W. S. Burch represent the accused. The court-house is packed at each session of the trial and many others would hear the testimony if they could gain entrance.

THE trade of Somerset will extend a cordial welcome to Mr. Robert Robinson, late of Levenson Bros., who is as pleasant a gentleman as ever engaged in business in Somerset, says the Somerset Journal. He has one of the prettiest store rooms, the old Ogden & Son stand, in town and is filling it with a carefully selected stock of Clothing, Shoes and Furnishings. Give him an early friendly call.

THE following from the Kentucky State Journal at Frankfort shows that the soil around Hustonville is especially adapted to the raising of base ball experts: Jim Frye, from the little town of Hustonville, in Lincoln county, which is noted as the breeding place of good ball players, demonstrated Wednesday that he is beyond doubt without a peer in Central Kentucky as a twirler. He pitched the game of his life yesterday afternoon against the very fast Versailles team and beat them by 4 to 3 after 12 of the hardest fought innings ever seen on a local diamond. The game was a pitchers' battle from the word "go," and from the fall of the flag until Frye passed under the wire, winning easy under a double wrap. He had all the best of it. Of the 12 men who faced him during the last four innings of the game, 10 of them beat the wind in futile endeavor to connect with his puzzlers. Frye seemed to get better as the game advanced, and in the most critical stages when a single bingle meant the winning run for Versailles, he retired the opposing batsmen in straight order. He was by far the coolest man on the field in the 10th inning, when with two men on bases, he struck out the next three Versailles batsmen and retired the side amidst the wildest cheering from the enthusiastic spectators.

## Cured Hay Fever and Summer Cold.

A. J. Nusbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed to only aggravate my case. Fortunately I insisted upon having Foley's Honey and Tar and it quickly cured me. My wife has since used Foley's Honey and Tar with the same success." Penny's Drug Store.

Attorney General Hays has completed the brief for the Commonwealth in the case of Jim Howard, which will be heard in the court of appeals in October. The chief point in the case is the claim made by the prisoner that his constitutional rights were violated at the trial through the observance of that provision of the Kentucky Criminal Code that decisions on challenges to jurors shall not be subjected to exception.

## Another Good man Gone Wrong.

Bass, of Morgantown, Ind., had to get up 10 or 12 times in the night, and had a severe backache and pains in the kidneys, and was cured by Foley's Kidney Cure. Penny's Drug Store.

No. 49.—150,000 acres of cotton land in Mississippi. There is no section of country which offers so many opportunities for profitable investment as the Mississippi Delta which is now being described as "Prosperity Valley." When the timber is removed the land is unequalled for agricultural purposes. It will produce a bale of cotton to the acre or will grow any other kind of crop raised in the temperate zone. The seed and soil are rich and gives a yield which cannot be excelled; taxes are low, the life is perfect and the man who buys Delta farm and timber lands at present prices is making an investment that he will never regret. This land is divided into tracts ranging from 40 acres to the tract to 10,000 acres to the tract and prices from \$8 per acre to \$16 per acre, according to location, etc. We are authorized by the company who owns these lands to state that as other parties are considering the purchase of these lands that we offer these tracts at a price well below market value, and we will, if notified, they will hold any tract out of market long enough for the purchaser to make an investigation. About 10,000 acres of this land has been sold by the Company since we received this option. For further particulars call at our office.
